

TECHNOLOGY TASK FORCE

The New Democrat Coalition is made up of more than 100 forward-thinking Democrats who are committed to pro-economic growth, pro-innovation, and fiscally responsible policies. New Democrats are a solutions-oriented coalition seeking to bridge the gap between left and right by challenging outmoded partisan approaches to governing. New Democrats believe the challenges ahead are too great for Members of Congress to refuse to cooperate purely out of partisanship.

Reps. Sharice Davids, Kendra Horn, Harley Rouda,
and Darren Soto

TECHNOLOGY TASK FORCE MISSION

The New Democrat Coalition Technology Task Force will work to ensure that America leads the way in the 21st century economy. We will work to foster innovation and invest in groundbreaking emerging technologies; improve technological infrastructure and bridge the digital divide; and update out-of-date laws that fail to protect Americans' privacy. Through our technology task force, we will fight to ensure that every American has the opportunity to benefit from the economic opportunities and advancement of our technology without sacrificing basic consumer protections and privacy.
