

The New Democrat Coalition is made up of more than 100 forward-thinking Democrats who are committed to pro-economic growth, pro-innovation, and fiscally responsible policies. New Democrats are a solutions-oriented coalition seeking to bridge the gap between left and right by challenging outmoded partisan approaches to governing. New Democrats believe the challenges ahead are too great for Members of Congress to refuse to cooperate purely out of partisanship.

### TRADE TASK FORCE MISSION

The New Democrat Coalition Trade Task Force is committed to maintaining the United States' position as a global leader and supports smart trade policy that benefits American workers, businesses, farmers, and consumers. We must pursue a policy that promotes a competitive workforce, respects and strengthens our global relationships, brings outdated agreements into the 21<sup>st</sup> century, and promotes American excellence and values abroad. We also support reigning in the unilateral trade actions the administration has taken and reasserting Congress' involvement in tariff policy. We need to continue setting the rules for the global economy, not have them set by others. In doing so, our Trade Task Force will focus on championing the economy of the future, not the economy of 50 years ago.
